The New Announcements.
We chronicle three more announcements this week: Mr. T. I. Kreeb, for Treasurer; Mr. Quincy A. Gordon, for School Superintendent; and Mr. Chris. Schlottbauer, for County Judge—all good men.

Wanted.
A few more young gentlemen and ladies at room No. 1, City Hotel to take lessons in Penmanship. Satisfaction guaranteed to all who attend. Hours from 8 A. M., until 8 P. M.
R. E. GREGORY.

James Deveney, Boot and Shoe manufacturer, of Forest City, is turning out a fine lot of custom work for the hot season. For a good light boot, go to Deveney, Forest City.

Religious.
Elder D. H. Bays, of the Church of Jesus Christ, of Latter-Day-Saints, will preach at the Court House, in Oregon, on next Saturday, July 30th, at early candle-lighting, also on Sunday following, (5th Sunday) at 11 o'clock, A. M., and 7 o'clock, P. M.

Hog Cholera.
This disease is still existing in the county, and, at last account, is spreading toward the northern part. As this is the contagious kind, evidently, it never will subside until farmers keep up their hogs. How many thousands of swine have perished since last fall of cholera we know not, but this we do know—it don't pay to let hogs run at large.

Weather Seer.
Weather prophets are predicting a very early frost and fall weather, on account of the early appearance of the vast flocks of black-birds which have commenced flying across the country as early as the 6th of this month. Their usual time of appearing is in September, we are informed.

Distinguished Calls.
A. N. Rulley, Esq., editor-in-chief of the Hiawatha Dispatch, called on us last Monday. He reports good showers and the crops in splendid condition in his part of Kansas.

The Hon. J. H. Beach, formerly of the Union, of St. Joseph, also called on us a few days ago. He visits Holt county in behalf of a great political interest.
Mr. Cyrus Bowman, of St. Joseph, also called on our office.
Call again, gentlemen.

Kunkel Bro.'s Woolen Factory and Grist Mill.
We desire to inform the public that, having made late additions of the most improved machinery, we are prepared to manufacture Jeans, Flannels, Satinets, Cassimeres, Blankets, &c., &c., in a manner unsurpassed by any manufacturing establishment in the West.
Custom carding and spinning done to order.

Persons from a distance can get their work done in time to take it home with them.
Custom grinding done.
Terms strictly cash.
All work warranted.
Manufacture one mile east of Oregon.
KUNKEL BROS.

Who Wants One?
It affords us pleasure to call the attention of our readers to the advertisement of A. Sumner & Co., which makes its first appearance in our columns to-day. Mr. Sumner is without doubt, the leading man in his line of business in the West. Knowing his responsibility and experience we do not hesitate to assure our readers that he will furnish them with the best machinery and pianos of the best manufacture. Mr. L. S. Flint, their agent for this county, is always ready to attend to the wants of the public in his line in this vicinity. Our readers cannot do better than give him their patronage.

POINTED POINTS.
Wanted—and needed immediately, in a large quantity—rain. Apply to the farmers of Holt county. Our town bridge, north of town, is in need of attention. The north-west corner of the bridge has sunk two or three feet in consequence of a boom, directly beneath it, giving away, which gives it a very top-sided and dangerous appearance. We hope the proper person will give it immediate attention. We always notice with pleasure the improvements of old, or the erection of new, buildings in our city. Two neat dwellings have been erected, in the western part of town, within a short time past, by Mr. Geo. Colvin and Mr. Peter Rush, respectively. Mr. Levi Crouser has also just finished a neat cottage in the eastern part of town. A pamphlet containing the rules, regulations and premium list of our next Annual Fair, together with advertisements and other matters of importance, will be issued from this office within two weeks from the present time.

The aggregate amount of premiums is much larger than last year's, and as the inducements are better, we can expect a larger attendance than at any previous fair. A good Organ—five octaves, double reed, five stops—can be had for a price less than the manufacturer's. Apply at this office. Our pavements, in certain localities, have been repaired. Other localities are in need of it. A liberal merchant in this city offers us \$1.50 for one year's subscription to the SENTINEL, and says if he cannot get it for that amount he will not take it. His price is \$1.50; our regular rate, for single subscription, is \$2.00 a year. We recently made a purchase of said merchant, and, supposing that he knew the cost and worth of the article, we paid his price, knowing him to be an honest man. Query: Can't said merchant repose the same confidence in us that we reposed in him? A fight came near taking place, a few evenings since, the only thing preventing which was the fleet-footedness of the pursued or the slowness of the pursuer. The fact is, he couldn't catch him. We have twenty-four announcements in this issue for ten different offices. The supply exceeds the demand just fourteen! Oh, for more offices! The "shoo" fly season has arrived. Our County Nominating Convention meets on the 17th of September next. Candidates, take notice. Lewis township is said to contain nearly one-half of our county population. Guess our Court House will remain in Oregon for some time to come. The special attention of the ex-Union soldiers of Holt Co. is called to a letter on our first page, taken from the Cincinnati Enquirer, in regard to the Garret murder case. The Holt County SENTINEL is one of the very best of our weekly exchanges. St. Joseph Herald, 24th inst., in speaking of a lost child last week, we made quite an error—"tis human, you know. We intended to inform our readers that a child was lost from its parents, but, in doing so, lost the parents. Blackberries are said to be very plentiful, as also are the gatherings. They sell for \$1.25 per bushel—the blackberries, we mean. The attendance at the temperance lecture on Sunday evening last was unusually large. The M. E. Church Sabbath School will meet hereafter at 9 o'clock, A. M., instead of 2 o'clock, P. M., as heretofore. We wish to call especial attention of our business men to the new advertisement of Messrs. Quong Yee On & Co., of San Francisco, Cal., dealers in tea, sugar, rice and Chinese provisions. Being personally acquainted with Mr. Quong Yee On, and knowing him to be a straightforward gentleman, we can assure our merchants that their orders will be promptly filled. A new Empire Sewing Machine for sale, cheap. Apply at this office. Holt County Court meets next Monday. Don't forget the Mass Convention to be held at this place on the 13th of August for the purpose of appointing delegates to the State and Congressional Nominating Conventions. This is the way the candidates do in a county not a thousand miles distant: "The undersigned, candidates for the several county offices at the coming election, hereby agree to abide by the decision of the Republican Nominating Convention, and vote for, and use our influence to secure the election of, the nominees of the party nominated on such a day. How would that do for the Republican candidates of this county? The removal of wood-piles from side-walks is a measure that our city government has decided upon. Persons who do not remove the rubbish from the front of their houses on the public thoroughfares will have it done by the city at their individual expense.

WHEAT, BARLEY, RYE, OATS AND CORN.
Immediately Wanted. Highest Cash Price. Sacks Furnished by BRITAIN & FORD, FOREST CITY, DEALERS IN MERCHANDISE AND PRODUCE OF ALL KINDS.

Is It True?
Is it a fact that farmers and others who come into Oregon with some little market stuff have to pay a license before they can sell the same? We have 2 butchers in Oregon, and no meat half the time. It is time all ordinances to protect one or two men were repealed. If some persons or persons would go into the business of butchering at Oregon, who could supply the demand for beef, &c., regularly, it would be a great convenience to us. As it is now, more than half the time we get no meat to eat, and when we inquire the cause of such scarcity, we are answered that no one can sell in town without paying a license. This thing has been endured about long enough. Either do away with such a restriction on trade, or license men who can and will do the business.

Bear This in Mind.
That S. P. Jewell keeps a thorough Stock of School Books of all kinds, and sells cheap.

Mayor's Court.
Joseph Hohlitzel, charged with assault and battery, was tried by jury on the 21st inst., and fined one dollar and costs.
Dr. Saville, charged with assault with intent to kill, waived examination and gave bond in the sum of \$300 for his appearance at the next term of Circuit Court.

Joseph Hohlitzel, charged with assault—case continued until Friday 29th.
All the above difficulties, we learn, grew out of a disrespectful remark, made by a young lady of this city, concerning our national flag, and of which we may have something more to say in the future.
On Tuesday, friend John Pixler, of Andrew county, came into Oregon greatly in liquor. He forgot that this was a "moral town," and let off a torrent of offensive and obscene language, for which he was "cashed." He did not fancy his lodging, and came forth "like a man," and paid \$5 fine and costs.

Our Little Sufferers.
Cholera Infantum is reported as prevailing to some considerable extent in some localities, several cases are reported as having occurred at Forest City and vicinity last week. One little sufferer, about 12 or 13 months old, died there on Thursday of last week, after a very few hours of painful illness.

At this season of the year, and more especially so while it continues so very hot, it will be well for people to have some special regard to their diet. Eat none but wholesome victuals, and have them well seasoned and especially green vegetables and fresh meats. Use salt and pepper freely, and the danger of inclination to Cholera Morbus, Diarrhea or Summer Complaint in children will be greatly lessened, and much suffering prevented, and perhaps lives saved thereby.

How many housewives are there who have experienced the difficulty of obtaining good vinegar. Read the advertisement of W. H. Bishop in this paper.

[No. 38.]
